Global Endorsements (All Lines of Business)

The following endorsement types are **available for all policies** regardless of line of business (GL, WC, CA, Bonds, Excess, SmallBiz).

Basic Information Changes

- **Email Address** - Update email on file
- **Phone Number** - Update phone number
- **Entity** - Change entity type (Individual, Partnership, LLC, Corporation, Non-profit)
- **FEIN** - Federal Employer Identification Number change
- **License Number** - Contractor license number change (with state)
- **Mailing Address** - Update mailing address
- **Physical Address** - Update physical/business address

Policy Administration

- **Cancellation Request** - Cancel policy (requires signed LPR upload)
- **Reinstatement Request** - Reinstate cancelled policy (requires no-loss statement upload)
- **Effective / Expiration Date** - Change policy dates

- **Other** - Any additional change not covered by specific endorsement types

Note: All other endorsement types are specific to certain lines of business. Check the LOB column in the main table.

Global Effective Date

Simplified Logic: Only per-row endorsements have their own effective dates. All other endorsements use the Global Effective Date.

Placement: Top of the form, directly under "Give us the details.", left-aligned above the checklist grid.

Control: Date picker. Allow same-day and future dates. If a past date is selected, show a required "Reason for Backdating" text field.

Endorsements with per-row effective dates (do NOT show Global Effective Date field):

- People and Payroll Changes
- Add Vehicle
- Remove Vehicle
- Drivers (Add/Remove)
- Add / Remove Equipment

All other endorsements use the Global Effective Date (show the Global Effective Date field when selected).

Detailed Requirements by Type

People and Payroll Changes

Consolidated form that replaces separate Add/Remove Employees, Payroll by Class, and Class Code changes. Uses class code lookup from GL and WC marketplace data.

Row Fields:

1. **Change Type (required)** - Dropdown: Add Employee, Remove Employee, Update Payroll, Change Class Code
2. **Name** - Required for Add Employee and Remove Employee
3. **Description of Work** - Required for Add Employee
4. **Class Code** - Typeahead search (GL and WC marketplace). Required for Add Employee, Update Payroll, Change Class Code
5. **Payroll (Annual)** - Required for Update Payroll and Add Employee
6. **Effective Date** - Required per row. If backdated, show Reason field
7. **Notes** - Optional

Actions: Add Another Row button, Remove row option

Add Vehicle

Use repeatable rows so multiple vehicles can be added in one request.

Required per row:

- VIN (17 characters, alphanumeric, exclude I, O, Q)
- Year (4 digits)
- Make
- Model
- Body Type (dropdown per product)
- Use (dropdown: Business, Business & Personal, Personal)
- Radius of Operations (dropdown: Local, Intermediate, Long haul)
- Per-row Effective Date
- Permanently attached equipment? (Y/N)

- Comp & collision? (Y/N)
- Garaging address different than policy? (Y/N)

Conditional:

- Gross Weight (when product rules apply)
- Current/Stated Value (when Comp or Collision = Yes)
- Garaging Address block (when different from policy)
- Equipment Description/Value (when Permanently attached = Yes)

Optional:

- Interest type, Interest Entity, Interest Name, Interest Address

UI: Two tabs: [Add Vehicle] [Remove Vehicle]. For Remove, only require VIN and Effective Date (or fallback identifiers if VIN unknown).

Driver Changes

Add Driver (required per row):

- Full legal name
- Date of birth (age ≥ 16)
- License number
- License state
- Per-row Effective Date
- MVR consent checkbox

Remove Driver (required per row):

- Full legal name
- Date of birth
- Per-row Effective Date

Allow mixing Add and Remove rows in the same request.

Add / Remove Equipment

Required per row:

- Action (Add | Remove)
- Serial Number
- Equipment Type
- Description
- Per-row Effective Date

Optional: Value, Location

Global Requirements

File Upload

Add compact  Add files uploader and Comments text area to every endorsement section. OPTIONAL unless specifically required (Cancellation LPR, Experience Modifier worksheet).

Accepted formats: PDF, JPG, PNG

Max size: 10 MB

Validation

- Show inline errors near fields

- Disable Submit until all required fields complete
- Focus first invalid field on submit attempt
- All fields have visible labels

Backdating

If Global Effective Date or any per-row Effective Date is in the past, show required "Reason for Backdating" text field.

Fallback: Policy Not Found

If Policy Number cannot be matched, show intake form:

Required:

- Policy Number
- Named Insured
- Policy Effective Date
- Line of Business (multi-select): GL, WC, CA, Bonds, Excess, SmallBiz
- State
- Carrier name
- Contact email and phone
- Notes

Optional: Declarations page or prior endorsement PDF

Once completed, user can proceed to select endorsement types.

User Experience Requirements

1. Each endorsement type functions as a checkbox option
 2. Selected endorsements display their fields dynamically
 3. Multiple endorsements can be selected simultaneously
 4. Required fields marked with asterisk (*)
 5. Fields appear/disappear when endorsements selected/deselected
 6. Error messages displayed near relevant fields
 7. Global Effective Date field only shows when endorsement uses it (not per-row endorsements)
-

Minimal Placeholders

- Email: "name@example.com"
- ZIP: "95814"
- Phone: "555-555-5555"
